IN THE POLITICAL FIELD.

SENATOR QUAY PITCHES IN.

BUSY AT NATIONAL HEADQUARTERS-IN CON-SULTATION WITH THE PARTY MANAGERS. Senator M. S. Quay, of Pennsylvania, did not have much time for rest yesterday. He was busy nearly all day with members of either the Republican National Committee or of the Republican State Com mittee in going over the campaign in this and other The Senator received a call early in the day from James S. Clarkson, his associate in the victorious campaign of four years ago. Together the two campaigners discussed the situation at length. Mr. Clarkson called upon the Senator in both a private and an official character. He had been instructed by the members of the National Committee to invite Senator Quay to the headquarters building for a conference of the leaders at 4:30 o'clock in the after-Senator Quay readily consented to make the appointment, and at that hour he reached the building th Mr. Clarkson and his son, Richard R. Quay At the building Senator Quay met Joseph H. Manley, of Maine; Chairman Carter, of the National Committee; L. E. McComas, the secretary of the committee; Chairman Charles W. Hackett, of the Executive Committee of the Republican State Committee, and William Brookfield, the chairman of the Republican State Committee. The members of the National Committee and the managers of the State campaign were with Senator Quay for some time. Together they discussed the situa tion in detail in this state and in several of the doubtful States. Particular attention was paid to the

details of the campaign here. Senator Quay previously has given the National Committee the benefit of his experience of four years ago in preventing the colonization of repeaters in this and other cities by the Democrats, and yesterday he tailed for some time on this point. He told the embers of the committee present that it was possible to prevent such frauds being perpetrated as the Democrats contemplate carrying through if only the right sort of work were done by the men who have the power to stop it. Mr. Quay disclosed to Mr. Carter and the others present at great length the plans that he followed when he made his fight against Tammany corruption in this city four years ago, and it was his opinion that work of a similar nature would

was his opinion that work of a similar nature would prevent fraud upon the ballot again. The supervisors of election, he said, ongot to prevent wrong being done, either in this city or in Troy, on account of the fact that the bemocrats in these two cities are in a majority on the election boards.

Mr. Quay will be at the service of the National Committee as long as he remains in this city, which will probably be for some days yet. After he leaves here he will be where he can be reached at any time by telegraph, in case that he is wanted for consultation and advice. Mr. Quay is still looking pale and thin, but his eyes are bright and seen, and he thinks that he will soon recover his health completely.

FIGHTING THE DEMOCRATIC PARTY. THE KNIGHTS OF LABOR IN THIS CITY BEGIN

A LIVELY CAMPAIGN. A lively campaign against the Democratic party

has been begun and will be kept up by National Trades Assembly No. 231, Knights of Labor. The Executive Board of National Trades Assembly 231 has opened headquarters in the St. Denis Hotel, The board is composed of John Theln, of Rochester: Frederick Archer, of Syracuse; Samuel H. Jacobson of this city; James A. Wright, the general lecturer of the Knights of Labor, and James Hughes, who has tion, and whom Governor Flower refuses to pardon It was in Hughes's behalf that T. V. Powderly, General Master Workman of the Knights of Labor, spoke in the People's Theatre on Sunday evening. Mr. Wright, the general lecturer of the Knights of Labor, said yesterday to a Tribune reporter:

As soon as possible the Executive Board of National Trades Assembly No. 231 will issue a docu tional Trades Assembly No. 231 will issue a document appealing to the intelligence of the workingmen of the State of New York severely criticising the action of the Democratic Governor of this state and the party behind him, who have so offensively insulted the working-people of this State in remaing to partion Mr. Hughes, who is an honored member of our board. The Rochester combine have said in their organ that this is an issue. We believe that it is an issue with the Rochester combine and the Democratic party on the one side and the working people on the other. And we purpose showing that our position in the premises is to induce every honest with ingmen in the State of New York to vote against their common enemy—the Democratic party."

CHARLES P. McCLELLAND RAISES A STORM.

There is trouble among the Westchester County Democrats. The cause of this trouble primarily is State Senator Charles P. McClelland, who, ever sine he was elected to represent his district in the Legis lature, has run rough shod over every one in that Mr. McClelland nominated a part of the State. Mr. McClelland nominated a county ticket a few days ago, and it has been received with such gratification that in some parts of the county he is hardly safe from personal insult. He was advertised to speak recently at Mount Vernon, but he did not go there. It was said that he be came III. extremely III, and conveniently so, when certain Democrats sent word to him that he would be "egged" If he tried to speak in Mount Vernon He was so ill that he did not go there, and perhaps he will not appear in that city until after the election. A Democratic club in the eastern side of the county has sent word to him that he may elect the ticket if he can; they will not help him.

REPUBLICANS AND DEMOCRATS UNITE.

A mass-meeting of the Republicans of Flathush, L. I., was held in the Town Hall last night. William Ryah was president, with William A. Stevens ser-retary. All the candidates recently nominated for town offices were present. The ticket is a fusion ticket, made up in caucus by Republicans and the West Side Democratic Association, of Parkville, who are dissatisfied with the Democratic town officials renominated to office. The ticket was enthusiastically ratified, many prominent Democrats being present, end afterward the meeting resolved itself into one of education on National issues. Rousing speeche Were made by ex-Assistant District-Attorney Foster L. Backus, Captain W. E. C. Mayer, the Independent nominee on the fusion ticket; William S. Ryan and hers. IS THIS TRUE, COMMISSIONER SHEEHAN? There was a meeting of the Tammany election ditrict captains of the XIIIth Assembly District on last Saturday hight. It was presided over by John C. Sheehan. Mr. Sheehan has a number of distinguishing He is a Tammany Police Commissioner; he is ex-secretary of the Aqueduct commission; he is a brother of Lieutenant-Governor Sheehan, and he is the man on the ticket with whom Grover Cleveland refused to run "because he was an Irishman." Com-

reported to have said. The members of the Repub-lican County Committee wondered yesterday if this was a part of the Tammany Hall scheme to run things just as the Tammany bosses wish to on that day. They are investigating it now.

BRIGHT OUTLOOK IN NEERASKA.

Chicago, Oct. 25 (Special).-Ex-Governor Robert W. Furnas, of Nebraska, is in the city, and entertains a cosente view of the political situation in that State The Republicans of Nebraska are heartily united, and that means Republican success in November for both the State and National tickets," said he. "The Crounse-Van Wyck debates have told for the principles of Republicanism. It is my honest judgment that Crounse has met every Issue of the campaign as a statesman and as a patriot. At this time there seems to be no loophole for the Populists to crawl through.

While General Van Wyck has not lost his cunning, he has lost prestige, especially among the intelligent farmers and laborers of the State, by advocating improvident currency, Free Trade and Government control of railroad and telegraph systems, until he has driven the disaffected Republican vote of the State driven the disaspected Republican vote of the Schemes that the result. The Republicans of Nebraska will elect five of the six Congressing. Mckeighan, in the Vth Congress District, may pull through. He straddles the Democratic Alliance made. Still a change of ten votes in each voting precinct of that district would elect Andrews, the Republican nominee.

The veterans, and there was not a man in the room who was not two score years and ten, were called to order by their president, Major Phillip Betz, who gave an account of the week's work, which had been eminently satisfactory. He was followed by Major Jastrow Alexander and Captain Hermann Beneke, who urged every member to continue to strain every nerve in registering and bringing to the polis every Republican they knew in their districts. The members also determined unantmously to take part in the great German meeting to be held at Cooper Union on November 3. The speakers were business men, who quoted figures from their own experiences to bear out the soundness of the Republican platform, and therefore their words had especial weight with the many wase-earners. C. Kohlmeier, of the XXth Assembly District, gave prices at which he had bought goods before and after the various tartif bills for many years. He further added that not only had prices on protected articles actually gone down after the passage of such bills, but that the articles made here, in mast cases, were superior to those formerly imported. Jacob Blan, for thirty vers in active business, followed up Mr. Kohlmeier's line of argument with additional proofs. Dr. Boetz kes and L. Deutschberger also addressed the meeting in German. A campaign song set to a German air closed the meeting. The officers of the club are: Dr. P. A. P. Boetzkes, president; L. Deutschberger, vice-president; F. Kroeck, secretary, and J. GREAT ENTHUSIAM IN ASBURY PARK.

Ashury Park, N. J., Oct. 25 (Special).-Another immense gathering of Republicans was held in Educa-tional Hall to-night. It was one of the greatest and most enthusiastic meetings ever held on this coast. Long before the meeting assembled great throngs gathered on the streets to witness the marching of the clubs, whose parade was another magnificent demonstration of Republican yeomanry of Monmouth County. The hall was filled to overflowing with eager and earnest voters. The chairman, Frank L. Ten Broeck, introduced J. K. WHAT WESTCHESTER COUNTY IS DOING. REPUBLICANS CONDUCTING A VIGOROUS AND AGORESINE CAMPAIGN.

A vigorous campaign is being conducted in chester County, particularly along the shore front The Republicans have nominated for register William V. Molloy, the supervisor of New-Rochelle. a native of Westchester County, and was born in Estebester thirty-six years ago. His opponent, W. J. Grancy, of Dobba' Ferry, has been known as slavish follower of Senator McClelland, and he tained his nomination in the Democratic Convention by one and a baif majority, and that only after in his own party and strong among a large branch of the Democracy. He has been three times elected by increasing majorities as supervisor of New Rochelle, a town which in National campaigns has gone from 204 to 450 Democratic for many years, and last spring he had a majority of 250, the largest majority ever given a supervisor of either political party in New-Rochelle. The feeling against Grancy is particularly bitter among the Hill Domocrats, and they are in a majority in Wostchester County. He is also opposed by everybody who opposes a man who spends much time in the lobby

The two Democratic factions in the school district comprising the towns of Westchester, Eastchester, Mount Vernon City, Pelham, New-Rochell Mamaroneck and Rye, have nominated Charles H. Noxon, a lawyer at New-Rochelle, and William L. Jared Sanford. P. M. Buck, an honorable lawyer of Mount Vernon and a staunch Republican, he been nominated under the ballot law and inforse by the Republican County Committee, and all the Rebublican clubs in the district have ratified the nomination. If every Republican in the district finds a pastor Mr. Buck will be elected, as there usand Democrats who will not Noxon. He is a man of so little popularity that he has been beaten as the candidate of the Democ racy three times in Democratic New-Rochelle.

Mr. Brandreth, the Republican candidate for Congress, will run ahead in the Hudson River towns. but he has an adverse majority of 3,000 to over-

Ziba Carpenter, the Republican sheriff the county had, and is opposed by John M. Ingney, who is running for a fourth term.

Frederick W. sherman, of Rve, Republican candidate for District-Attorney, is well known in both West-chester and New-York counties, and should be chester.

The Police Commissioners spent s terday afternoon preparing for the election by reover the names of candidates to be voted for an deciding which names should appear on the official ballots. To begin with, they decided to designate four newspapers in this city to publish the names of such candidates in previous to the election, as required by law. Commissioner MacLean desired to have only The Tribune and "The Dally News," the two newspapers previously designated to publish the continuous district boundaries and the official canvass, but he was district boundaries and the official canvass, but he was overruled by the other Commissioners, who voted to elect two Republican and two Democratic new paper The papers designated were The Tribune, "The Press The Daily News" and "The Sun."

In selecting the names of candidates to be printed on the official ballots, the Commissioners accepted without question the lists of nominations which had been filed by the regular Republican and Democrati organizations. The question as to the kind of official ballots to be printed for the County Democracy and the New York Democracy was decided by the opinion of the Corporation Counsel. Corporation Counsel Cladecided that the Board of Police could not lawfully for nish ballots for the New York County Democracy and the New-York (Voorbis) Democracy upon which shall appear the names of the Democratic candidates for Presidential electors and Chief Judge of the Court of Appenia He declared that the fact that no certificate of non ination of Presidential Electors and Judge of the Court of Appeals had been filed with the Secretary State was conclusive against the claim of these organizations to have official bulbuts printed, as separate and distinct political parties, so far as offices to be filled by the voters of the entire State are con-

Following the passing of the resolutions the Commissioners decided not to print the name of Michael Redmond as the County Democracy candidate for Alderman in the Twenty fourth Ward, on the ground that the persons who nominated Redmond live in the Twenty-third Ward. The Commissioners then declined to print official ballots for candidates for Assemblymen and Aliermen in several districts, who had been nominated by various independent organizations. It was said that the organizations might appeal to the courts for redress if they thought their fights had been violated by the refusal of the Commissioners to print official ballots for candidates in most of the election districts.

Every Republican who does not register gives half a rote to Tammany Hall, for Free Trade, for wild-cat banks and for the great vetoer of pension bills. To vote you must be registered first. Register next Friday!
